

## Example Tanzania: Safari in Serengeti and Ngorongoro Crater

**6 days safari with 4x4 safari vehicle and small aircrafts.** The trip starts in Arusha and takes you, in a safari vehicle with pop up roof, to Lake Manyara and onwards to the Ngorongoro Conservation Area for a couple of nights, including a safari at the bottom of the crater. After Ngorongoro you are taken to the Manyara airstrip for your flight to Serengeti and spend 3 nights at a safari camp. At the end of your Serengeti adventure you are taken to the airstrip for your flight back to Arusha. The example is priced for 2017 for 4 persons for African late winter/spring, meaning Northern hemisphere late summer/autumn.

**Day 1, From Arusha to Ngorongoro via Lake Manyara.** You arrive at Arusha airport early morning and are met by your driver-guide and taken to the 4x4 vehicle with pop up roof. Your first stop will be magnificent Lake Manyara, sometimes pink with flamingos, and you enjoy your picnic lunch.

After lunch you continue to the Ngorongoro Conservation Area and to your lodge, almost at the edge of the crater.

2 nights at safari lodge with all meals and house wines included. Game drives and short walks also included, and laundry. Dinner served after arrival.

**Day 2, Game driving in the Ngorongoro Crater.** The early morning and first part of the day is about game driving at the bottom of the crater. The crater is attracting large numbers of wildlife, also carnivores, and it is amazing how much one can see in a short period of time. The crater was formed 2 to 3 million years ago and the bottom covers an area of about 260 square kilometres. You will enjoy your picnic lunch at the bottom and return to the lodge after that. The afternoon you can relax before dinner and overnight.

**Day 3, to Serengeti.** After breakfast you will drive to the Manyara airstrip for your flight to an airstrip in Serengeti. Upon arrival you are met by a representative for the lodge and taken there.

3 nights in safari camp with all meals, house wines, laundry and activities included. The activities will be shorter walks and game drives. Depending on your arrival time, there will be game driving that afternoon, followed by dinner.

**Day 4 and 5, Safari in Serengeti.** The days unfold with game drives morning and afternoon. Usually lunch is taken at the lodge, and after a break you go out again to check on the Big 5 and all the other

ones. Sometimes you go on foot with a ranger, it all depends. You will be back at the lodge for dinner.

**Day 6, back to Arusha.** It is time for departure and you will be taken to the airstrip for your flight to Arusha to meet up with your onward flight.

Or maybe you want to prolong your stay with a visit to the Indian Coast or to the island of Zanzibar? Ask us about additional days.

**Prices 2017, African late winter and spring, Northern hemisphere late summer/autumn.**
